Note: If, in the discretion of the Town, it is determined that a review by the Town's consulting engineering firm, or any other expert or other consultant is prudent and necessary to ensure that the site plan or subdivision plan is in compliance with the Town's Zoning and Subdivision Ordinance, the Town's development standards and other State and Federal laws, then the applicant submitting said site plan or subdivision plan shall be required to pay the fees and costs incurred for such review. This requirement shall not apply to applications where the estimated cost of construction is less than \$5,000.00.
